## The **ELITE** Range of POLYCARBONATE'S The **Alternative to Glass** For late night and other venues

### Manufactured from:

A clear polycarbonate material with superior strength over other plastic materials, therefore virtually unbreakable.

This product has been tested in glasswashers using quality glasswash detergents for in excess of 500 cycles without noticeable visual detracton.

The crucial ingredient to perfect presentation is using a quality rinseaid to assist in drying the tumbler and not to affect head retention.

Compare the price 100 Nonic Polycarbonate from **£51.00** (equal to £24.48 for 48)

**Almost the same price as glass!**

---

*“Avoid this happening on your premise  
by making the change to Polycarbonate!”*

---

**Nucleated versions NOW AVAILABLE on a restricted range  
KEEPS THE BUBBLES RISING - Essential for Keg Beers and Sparkling Ciders**

All GS / CE marked

**Other types of Re-useable Plastic Glasses are available - See back page**
